

Best Beginnings Scholarship Families

As January 1st 2023 the state is no longer paying full tuition if your child is:

Full time: Child must be signed in for 18 days of the month.

Part Time: Child must be signed in for 11 days of the month.

If you don't attend/sign in 85% of the time the state will not pay for full tuition.

You will be responsible for the difference.(Unpaid balance)

In December(Christmas Break)and July(forth of July) we are closed for a week. This is staff's paid vacation. You will be unable to make the 18 days(full time) and 11 days(part time).

You will still be responsible for the remaining differences/bill that the state does not pay. We will notify you of the difference in January and August. The scholarship tuitions are paid a month behind.

There is a BILL HB648 at the senate (I believe) This bill will help BB scholarship families. Where the state pays for your care regardless of how many days you miss. Providers have been fighting to get this passed. Please say a prayer that this passes.

Please contact Jondell with any questions.
